

**KAMAS CITY FEE & RATE RESOLUTION NO. 2022-02**

**A RESOLUTION ADOPTING FEE SCHEDULES AND POLICIES FOR CONSTRUCTION, BUILDING, WATER, SEWER, FACILITY RENTAL, PLANNING, SIGN CODE, BUSINESS LICENSE, BEER AND LIQUOR LICENSES, GRAMA AND OTHER FEES.**

**WHEREAS**, Kamas City has enacted various Resolutions and/or Ordinances at various times to set forth a schedule of fees for the various City services and operations as listed above, and

**WHEREAS**, it has become necessary to combine the fees from any previous resolutions or ordinances that have been previously adopted into a standard fee ordinance, thereby enabling more frequent and informed review and application of City fees, and

**WHEREAS**, it is necessary to update the current fee resolution to reflect the changing costs of performing services, constructing infrastructure and providing facilities and other public benefits, and

**WHEREAS**, additional and /or updated Kamas City fees need to be included in this fee and rate resolution.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of Kamas City, State of Utah, as follows:

The Fee Schedule(s) as adopted by any previous Resolutions or Ordinances and that are updated or contained in this Resolution are hereby repealed and in its place this Resolution is adopted establishing the fees for various City services, permits, and processes as follows. NOTE: In the event that 2 or more checks are returned unpaid, all future payments may be required either in cash or money order.

## **SECTION 2.7            EXTENSION OF WATER SERVICES POLICY**

Any project or applicant or developer, whether an individual unit or multiple unit or subdivision, that requires connection to the City water system, shall be required to pay all the costs of any extensions of facilities necessary to achieve a connection that meets the City Councils standards or specifications in force at the time. This may include not only the capital cost of the project, but any City costs associated with plan approval, engineering and inspection work, exclusive to the extension.

The City may specify an extension of a higher capacity, or of additional appurtenances that are required for the development to service possible future users beyond the present extension. The extra capacity cost shall be paid for by the City in this instance, and an aid to construction agreement may be entered into by both parties to establish the joint extension responsibilities.

Any extension parties, whether the applicant or developer, or a combination, may enter into an extension agreement that shall be filed with the City Clerk setting forth cost recovery procedures for the users connecting to the extension part of the system in the future. The agreement will outline a formula to be used for calculation of the future contributions to the extension and shall specify that the fees must be paid to the original party(s) of the extension before building permits are issued to any new connectors. Future extensions beyond the current extension are not eligible for cost recovery, only connections on to the line itself. The recovery period to the original party(s) may not exceed ten (10) years and is to be pro-rated to the future connectors in an equitable manner detailed in the extension agreement. The agreement may establish refunding of the costs of the extension not only to the original applicant or developer, but also to any other parties that have paid into the extension within the ten-year period.

If the City extends water service for a development, the developer of any of the property within the extension will be responsible to enter into an extension agreement with the City setting forth the cost recovery procedures.

The City must be held harmless and indemnified from any claims arising out of any disputes between parties regarding application of and recovery of any costs associated with the agreement, or disputes as to the interpretation or application thereof.

After final inspection of the improvements or extension(s), the applicant or developer must provide title and easements to the systems, free and clear of any encumbrances to the City, to be operated as a public system by the City. A one-year warranty will be required on the system from the date of acceptance.

## **SECTION 2.8            NON-SERVICE CONNECTIONS**

All service connections with a meter in place shall be charged the minimum monthly base rate and metered overage, regardless of use. Monthly base fees are required to support the delivery and maintenance costs of the overall system. Property owners wishing to discontinue water service for a period of three months or more may request a disconnection of service. Water meters that have been disconnected will either be

removed from the property or pad-locked from service, until such time as a re-connection fee has been paid.

Disconnection Fee:	\$100.00
Re-connection Fee:	\$100.00

**SECTION 2.9 WINTER RATE CONNECTIONS**

Property owners who wish to continue water service during the months of November through April, while vacant from their homes, may request winter rate billing. The Public Works staff will verify the vacancy of the dwelling periodically during the winter months.

### **SECTION 3.3 MONTHLY SEWER FEES**

Sewer rate is \$24.00 per “Equivalent Residential Unit” ERU

The monthly sewer fee is charged on all units receiving sewer service in Kamas City. All accessory type units or apartments on a common sewer service must be approved in advance by the City Council on new construction or new rentals/conversions.

Construction Sewer connection base monthly charge: \$24.00

The standard connection size is 4 inches; greater connection sizes require prior approval by the Public Works Director and City Engineer.

### **SECTION 3.4 EXTENSION OF SEWER SERVICES POLICY**

Any project or applicant or developer, whether an individual unit or a multiple unit or subdivision, that requires connection to the City Sewer system, shall be required to pay all of the costs of any extensions or facilities necessary to achieve a connection that meets the City Councils standards or specifications in force at the time. This may include not only the capital costs of the project, but also any City costs associated with plan approval, engineering and inspection work, exclusive to the extension.

The City may specify an extension of a higher capacity, or of additional appurtenances that are required for the development to service possible future users beyond the present extension. The extra capacity cost shall be paid for by the City in this instance, and an aid to construction agreement may be entered into by both parties to establish joint extension responsibilities.

Any extension parties, whether the applicant or developer, or a combination of the two, may enter into an extension agreement that shall be filed with the City Clerk setting forth cost recovery procedures for users connecting to the extension part of the system in the future. The agreement will outline a formula to be used for calculation of the future contributions to the extension and shall specify that the fees must be paid to the original party(s) of the extension before building permits are issued to any new connectors. Future extensions beyond the current extension are not eligible for cost recovery, only connections on to the line itself. The recovery period to the original party(s) may not exceed ten (10) years and is to be pro-rated to the future connectors in an equitable manner detailed in the extension agreement. The agreement may establish refunding of the costs of the extension not only to the original applicant or developer, but also to any other parties that have paid into the extension within the ten-year period.

If the City extends sewer service for a development, the developer of any of the property within the extension will be responsible to enter into an extension agreement with the City setting forth the cost recovery procedures.

The City must be held harmless and indemnified from any claims arising out of any disputes between parties regarding application of and recovery of any costs associated with the agreement, or disputes as to the interpretation or application thereof. After final inspection of the improvements or extension(s), the applicant or developer must provide title and easements to the systems, free and clear of any encumbrances to

the City, to be operated as a public system by the City. A one-year warranty will be required on the system from the date of acceptance.

**SECTION 3.5 NON-SERVICE CONNECTIONS**

All service connections shall be charged the minimum monthly base rate regardless of use or occupancy. Monthly base fees are required to support the treatment and maintenance costs of the overall system. When water service has been discontinued as per Section 2.8, sewer service shall also be deemed as disconnected.

**SECTION 3.6 WINTER RATE CONNECTIONS**

Property owners, who wish to continue sewer service during the months of November through April, while vacant from their homes, may request winter rate billing. The Public Works staff will verify the vacancy of the dwelling periodically during the winter months.

Rate: \$11.00 per month

**SECTION 4**

**PARK IMPACT FEES**

**SECTION 4.1 PARK IMPACT FEE: \$500.00 per ERU**
